

**FREIGHT ACCEPTANCE QUESTIONNAIRE**

To meet legal requirements in respect to freight and international postal items, your goods are treated as being from a **'non-regular customer'** (all online transactions). This requires us to ensure no dangerous or prohibited items that are likely to cause a security risk. Accordingly the process may involve a hand check or other checking methods at our discretion. If you have provided the goods through a 'regular customer' (non online) we still reserve the right to complete a hand or other check at our discretion to meet statutory requirements.
